Spring 2013 Open House Comment Form

The Corps of Engineers and BPA want to hear from you and we need your feedback!

Open House Date 13 May 2013

Was this Open House helpful? yes

How can we improve? We have more open houses planned so your comments will help make these better.

- Format, room layout, time
- Level of detail
- Use of simple language and terms
- Length of presentations
- Please explain or provide your own review:

Treaty Review Comments

1. I want the Treaty Review team to consider these issues:

Selenium content in the Elk River
into Lake Kookanusa. How can the
treaty team address this.

2. Is there any key information we missed in our Iteration 2 assessment? Any gaps in our analysis?

(see reverse)

3. As we move into the third phase of analysis, Iteration 3, what are your priorities for our attention?

perform a careful, precise calculation on the amount of energy that is appropriate for the "Columbia Entitlement." → The 250-300 million \$ is old and not founded on modern fact.
